## WELCOME TO OUR STATE-TRIBAL RELATIONS EVENTS

The South Dakota Department of Tribal Relations and the South Dakota Department of Agriculture welcome you to our State-Tribal Relations Events.

The 2015 State-Tribal Relations Events will focus on ways to expand cooperation between the state and tribes to develop agricultural opportunities. As South Dakota's number one industry, expanding agriculture means expanding employment opportunities and stimulating economic development across the state.

This special event provides state and tribal leaders with an opportunity to learn more about one another, exchange ideas, and build our intergovernmental relationship.
